Where your files are

Your Markdown files are in the OutputMD/ folder, next to this summary.

Needs your attention

- **broken.docx** in Documents — This file seems to be damaged. Open it in its original program; if it opens, save a new copy and try again.
  Technical detail: BadZipFile: File is not a zip file
- **locked.pdf** in Documents/thesis — This file is password-protected. Remove the password and try again.
  Technical detail: PDFium could not open it (error 4)
